# HOMETOWN POWER

July 2011

## How about a **FREE** water heater?

- ▶ Are you building a new home?
- ▶ Remodeling your existing home?
- ▶ Is your water heater old and inefficient?
- ▶ Ready to switch from a gas unit to a high-efficiency electric one?

## Then you're ready for a **FREE** water heater from WEC!

As part of our H2O Plus program, you can get a **FREE** high-efficiency water heater for your home — up to a \$500 retail value! Your new water heater will save you money each month, while helping WEC hold down its power costs. Your new unit will be equipped with a load control device that allows WEC to cycle your water heater off for a very short time during periods of high electrical demand (you will still have plenty of hot water for showers and chores).
